Letter from the Editors

Dear Readers,

We love to host a variety of contests on FaveCrafts each year. In October, we asked readers and bloggers alike to submit beautiful ornament tutorials to FaveCrafts as a way to celebrate the holiday season. In November, site visitors were invited and encouraged to vote for their favorite ornaments: just by visiting a particular ornament project, readers would cast their votes. The ornaments with the most page views won, and those top ten ornaments can be found in this wonderful new eBook!

Below, you'll find our *10 Best Christmas Ornament Crafts of 2016*. The Christmas Bauble with Hearts (p. 5) was our number one winner: learn to make a beautiful crocheted bauble with this helpful step-by-step tutorial. The Coffee Filter Angel Wings (p. 10) came in second, and it is such a beautiful project to make using inexpensive materials! Finally, the Teeny Tiny Wine Cork Reindeer (p. 11) came in third. Don't you dare throw out those wine corks! The potential to make that adorable project is on page 11 of this free eBook.

There are so many more amazing tutorials below, and you can find all of the ornament entries for the Best Ornament Contest 2016 in our [Fave Ornament collection](#) and even more Christmas ornament crafts at [FaveCrafts.com](#).

Our eBooks, like all of our craft projects, are absolutely FREE. Please feel free to share with family and friends and ask them to sign up at our website for [free newsletters from FaveCrafts.com](#).

Happy crafting!

Sincerely,

The Editors of FaveCrafts

Christmas Bauble with Hearts

By: [Nicole Riley from Nicki's Homemade Crafts](#)

Create a stunning Christmas ornament for your tree with a sweet heart motif in the center. The Christmas Bauble with Hearts is a wonderful crochet ornament pattern that will add a nostalgic feel to your tree.

From the Designer: "The Christmas bauble is made by creating two identical halves first, starting with making the heart on each half. Once finished making the halves they are crocheted together using a zigzag stitch, a variation of the braided stitch. The yarn that was used is Knitpicks Dishie yarn, and a 3.5mm hook and an ornament with 3 inches in diameter is needed."

Materials:

- Worsted weighted yarn, such as Knit Picks Dishie, in red, green, white
- 3.5mm crochet hook
- Scissors
- Needle for weaving in the ends
- 3 inch ornament ball

Find great craft projects at www.FaveCrafts.com.

Instructions:

Change yarn to green, drop red behind (you will pick it back up in row 4)

R3: Ch2, 2dc in the same stitch, ch1, sk st, *2dc, ch1, sk st, repeat from * all around, sl st to first dc

Change yarn to red, drop green behind (you will pick it back up in row 5)

R4: Ch1, *1hdc into space between the 2dc from the previous round, 2hdc into chain space from previous round, repeat from * all around, sl st to first hdc

Change yarn to green, drop red behind (you will pick it back up in row 6)

R5: Ch2, 1dc into the same st, *place 2dc into the space between 1hdc and 3hdc from the previous round, ch1, place 1dc into the space between 3hdc and 1hdc from the previous round, repeat from * all around, sl st to first dc

Change yarn to red, drop green behind (you will pick it back up in row 7)

R6: Ch1, 1hdc into the space before the ch1 you just made, ch1, *3hdc in space between 2dc and 1dc from previous round, ch1, repeat from * all around, place 2hdc into the last space where the first hdc was placed, sl st to first hdc

Change yarn to green (fasten off red)

R7: Ch1, sc into the same st, *2hdc into the next space, 1sc into next 2st, repeat all around, ending with 1sc (not 2sc as you already place 1sc in the beginning), sl st to first sc

Fasten off and weave in the ends.

Crocheting the two halves together using a zigzag stitch:

Attach the red yarn

Ch1, *sc to second half of the bauble, ch2 (let go of the chain), sk st, pull the hook thru the next stitch of the first half bauble, pull the loop you just let go thru, ch1, sk st on the second half of the bauble, sc, repeat from * all the way around, placing the plastic ornament between the two halves after a couple of stitches, tie off and weave in the end.

From the Designer: "If you have wine corks and twigs from your yard, you can make these teeny tiny wine cork reindeer. Add a hook to hang on your Christmas tree, make a few to march across your mantle, attach them as toppers to gifts, put them into a coffee mug with hot cocoa packets and a candy cane! I tuck them into the stockings for my Santa Claus dolls. Pretty simple to make and you'll love what you have in the end!"

Materials:

- Small forked twigs
- Hot glue
- Razor knife
- Red ball head pin
- Small Christmas items

Find great craft projects at www.FaveCrafts.com.

Snowman Treat Ornament

By: [Dorothy Minor for Hubpages.com](http://DorothyMinorforHubpages.com)

The Snowman Treat Ornament is a two-for-one crochet project: give a gift inside the little snowman, and then hang him on the tree for years to come.

From the Designer: "I have been creating snowman gift bags and thought a snowman treat holder ornament would be a companion to the bags. I used the same technique of creating a white body, changing to a colorful yarn to make the scarf and then white again for the head. To complete the snowman, I made two pieces and sewed on cute buttons for eyes, nose, and buttons on the belly. Then I sewed the two pieces together and crocheted with the scarf color around the top, adding a loop for hanging on the tree."

Materials:

- Crochet Hook H
- Worsted weight yarn in white
- Worsted weight yarn in color of choice for scarf
- Various buttons for eyes, mouth, and buttons on snowman's stomach
- Needle

Find great craft projects at www.FaveCrafts.com.

Instructions:

Sew buttons in place for eyes, mouth, and on snowman's belly. Match front and back so scarf ends match.

Using white, slip stitch or sew pieces together.

R17: Attach scarf color to top and sc around, 22 stitches. (Put a stitch on each side to make 22 total).

R18-R21: Sc around, 22 stitches, joining with sl stitch.

On last round, ch 10 and slip stitch to sc to form a loop.

Mini Tree Stocking Ornaments

By: Teri Kuffler for FaveCrafts.com

The Mini Tree Stocking Ornaments are sweet treats to add to the tree. Once you get the hang of this quick crochet pattern, you'll want to make tiny stockings for everyone on your list!

From the Designer: "These are miniature Christmas stockings made from 4 ply yarns. Each stocking takes about a half an hour or less to make. I even use Fun Fur as the top trim and ribbon for the bows. For each color yarn I use I make three or four different sizes from really tiny about 1 ½ inches up to 4 inches. I make larger ones to use as treat gift bags too. The ornaments make the tree look so festive!"

Materials:

- 4 Ply Yarn
- Fun Fur for stocking trim
- Depending what size stocking you want the size of hook matters. I use F, G, and H. Makes sm, med, and lrg stockings.
- Yarn needle

Instructions:

R1: Ch 4, dc in 4th st from hook 9 times, join with sl st in top of the ch 4. (10 dc)

R2: 2 sc in each st around, join with sl st in 1st sc. (20 sc)

R3: (1 sc in first 3 sc, 2 sc in next sc) repeat 4 more times, join with sl st in 1st sc. (25 sc)

R4-R6: Sc in each st around. (25 sc)

R7-R11: 11 sc in next 11 st, ch 1 turn.

R12: 4 sc in next 4 st, 3 sc together, 4 sc. Join to the sc on the other side. This leaves the back of the heel row open.

R13: 16 sc evenly around. You are now making the top part of the stocking.

R14: Ch 3 (this is your 1st dc) in joining sc st from previous row, dc in each st around, join in top of ch 3. (16 dc)

R15-R19: Sc in each st around. Fasten off. (16 sc)

R20-R24: Contrasting color yarn, join with sl st in back part of stocking and sc in each st around.

Fasten off. (16 sc) This is the cuff that you fold down.

You need to sew the back of the heel together. You can use the back of each loop and whip stitch to join.

Weave a ribbon or yarn through the dc row and tie in a bow. Attach a ribbon or yarn to the back of stocking for hanging on tree.

From the Designer: "My Mom has so much jewelry that after she passed on I took her pins, earrings, and anything else I thought would work and turned them into a Christmas ornament. After removing all the backs from the earrings and pins off the backs of her pins (leaving the pretty part) I wrapped a Styrofoam ball with ribbon. 4. Hot glue the jewelry pieces to the ball making sure you leave room at the top for a bow if you want. Cover the pin on the bottom holding the ribbon.
5. Make and add a bow and hanger to the top with either a pin or glue. You can use both to make sure it holds. The hanger can be either a bracelet, a necklace or a piece of ribbon.

Windchime Wonder Christmas Ornament

By: Marilyn Kristine Fiddelke for FaveCrafts.com

Repurpose glass bottles and other fun materials with this Windchime Wonder Christmas Ornament. Wine bottle crafts are a joy to make, and the glass dome almost gives this project a snow globe-like effect!

From the Designer: "The ornaments are wine bottles with whimsy Christmas ornaments as the chimes or just eye candy. Wine bottles are scored, cut & smoothed. Using small chain, from hardware store and key rings the ornaments are attached and extra chain for hanging by key ring. You can also etch the glass, as is done on the Santa one displayed. There is no limit to what you can make only your imagination. Have Fun~ Ho Ho Ho."

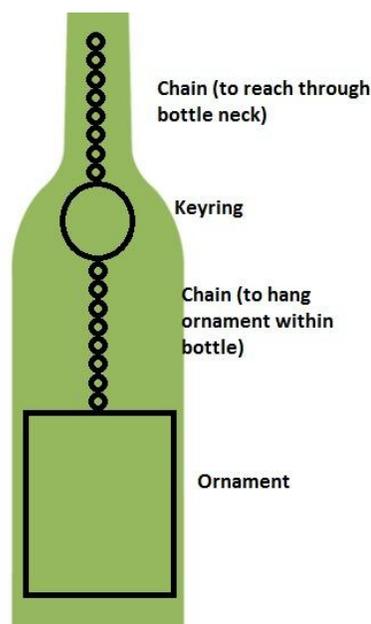

Materials:

- Wine bottle(s)
- Christmas ornament
- Small chain (length is up to you)
- Key rings
- Glass smoothing pad
- Etching supplies (if necessary)
- Glass scorer
- Boiling water and cold water to dip bottle in after scoring to remove bottom of wine bottle.

Find great craft projects at www.FaveCrafts.com.

Instructions:

1. Wine bottles are scored, cut & smoothed. Cutting the glass will take some trial and error, but any bottle cutter/glass scorer will come with full instructions in the kit.
2. Attach the ornament to the chain, being mindful of the length: the length of the chain depends on the size of the bottle and how long or short you'd like it to look. Attach this length of chain to the keyring. This will determine where the ornament hangs within the bottle.
3. Attach the keyring to another length of chain that will reach up through the neck of the bottle. It should look something like this:

4. At this point, a decorate bead with a wide hole can be strung on the chain so it sits right on top of the bottle (where the cork would have been).
5. The keyring inside the bottle secures the ornament in place.
6. You can also etch the glass, as is done on the Santa one displayed. Glass etching kits will also include full instructions for etching.
