13 DIY Home Decor Ideas

Letter From The Editor

Dear Reader,

Stencil Ease® is in the business of manufacturing and selling top quality stencils, made in the U.S.A., since 1980. The range of our stencil products is extensive and includes letter stencils, wall stencils, designer stencils, and custom stencils. Our customers range from large cities and schools to small business, home designers, professional painters, and crafters. Basically, anywhere you see paint designs on pavement, walls, or any surface, you can be sure our fine products have been used. We maintain a large stock and efficient logistics structure to ensure that your order is shipped quickly. Find designs that range from small crafting stencils to large designer home stencils and everything in between.

These Stencil Ease® projects were created for fans just like you. The Stencil Ease® eBook is for the creative DIYer who wants to transform something inexpensive into something lavish. We've included basic instructions with complete materials lists for our projects, making it easy for you to achieve incredible results.

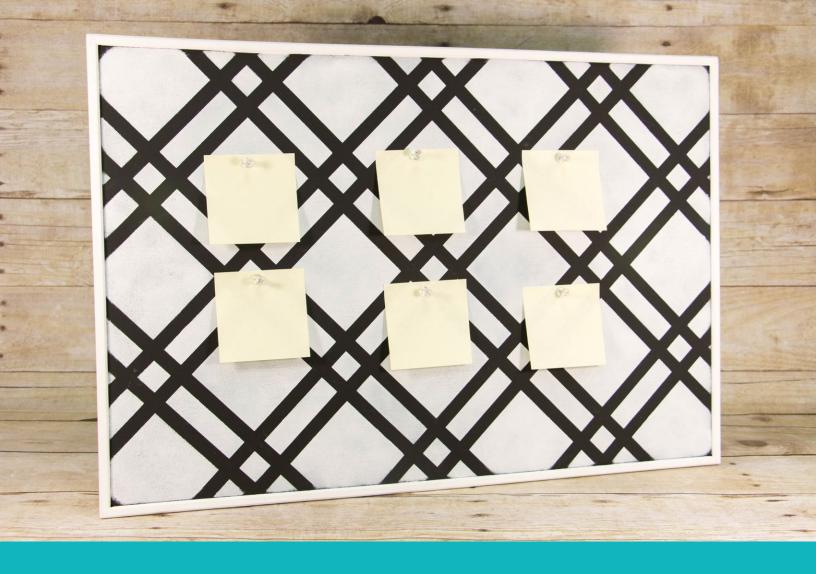

For more Stencil Ease® product information, inspiration, and ideas, visit <u>StencilEase.com</u>.

We would like to thank FaveCrafts.com for helping create this eBook.

Sincerely,

The Staff at Stencilease StencilEase.com

Bold Diamond DIY Pinboard

Project Time: 1 hour+

Bold Diamond DIY Pinboard

Materials (click links to purchase):

- <u>Stencil Ease® Cornelius Wall Painting Stencil</u>
- <u>Stencil Ease® Repositionable Adhesive Spray</u>
- <u>IKEA® VÄGGIS Noteboard, White</u>
- DecoArt® Americana® Acrylic Paint, White Wash
- DecoArt® Americana® Acrylic Paint, Black
- <u>Shurtape Technologies LLC Frog Tape®</u>
- <u>Stencil Ease® 5/8" Stencil Brush, White Bristle</u>
- Standard 3" Paint Brush
- Paper Towels
- Paper or Plastic Plate

Instructions:

Click here to watch the step-by-step Bold Diamond DIY Pinboard project video!

- 1. Tape off the outer border of the IKEA® VÄGGIS Noteboard using the Frog Tape®.
- 2. Paint the cork with the Black DecoArt® Americana® Acrylic Paint using your standard paint brush.
- 3. Let the paint dry.
- 4. Spray the back of the Stencil Ease® Cornelius Wall Painting Stencil very lightly with the Stencil Ease® Repositionable Adhesive Spray and let the adhesive dry.
- 5. Apply the stencil to the surface of the noteboard.
- 6. Adhere painters tape to the corkboard under each triangle registration mark and mark them.
- 7. Pour some of the DecoArt® Americana® White Wash Acrylic Paint onto the plate.
- 8. Load your Stencil Ease® 5/8" White Bristle Stencil Brush with White Wash DecoArt® Americana® Acrylic Paint and then swirl the brush onto your paper towel until it seems like all of the paint is removed. This creates a dry brush and leaves the perfect amount of paint on your bristles. Using a dry brush prevents paint from seeping under the cut-outs of the stencil. This part of the process is essential if you would like clean/crisp lines when you lift your stencil.
- 9. Either stipple (lightly tapping over the stencil cut-outs) or swirl the paint onto the noteboard.
- 10. You can immediately remove the stencil and line up the registration marks for your next repeat, either vertically or horizontally. The instructions on how to use the registration mark system are included with your stencil.
- 11. Repeat this process until you have completely covered the board.
- 12. Allow the note board to dry completely overnight.

Chevron DIY Side Table

Project Time: 1 hour+

Skill Level: 2 🏾 🌞 🌞

Chevron DIY Side Table

Materials (click links to purchase):

- <u>Stencil Ease® Wallace Wall Painting Stencil</u>
- Stencil Ease® Repositionable Adhesive Spray
- IKEA® LACK Side Table, Black-Brown
- DecoArt® Americana® Acrylic Paint, White Wash
- DecoArt® Americana® Acrylic Sealer Finisher, Matte
- <u>Shurtape Technologies LLC Frog Tape®</u>
- <u>Stencil Ease® 5/8" Stencil Brush, White Bristle</u>
- Paper Towels
- Paper or Plastic Plate

Instructions:

Click here to watch the step-by-step Chevron DIY Side Table project video!

- 1. Tape off the outer edge of the top of the IKEA® LACK Side Table using the Frog Tape®.
- 2. In a well ventilated area, preferably outdoors, very lightly spray the Top of the table with DecoArt® Americana® Matte Acrylic Sealer Finisher and let it dry (only for about 10 minutes).
- 3. Spray the back of the Stencil Ease® Wallace Wall Painting Stencil very lightly with the Stencil Ease® Repositionable Adhesive Spray and let the adhesive dry.
- 4. Apply the stencil to the surface of the table.
- 5. Adhere painters tape to the table under each triangle registration mark and mark them.
- 6. Pour some of the DecoArt® Americana® White Wash Acrylic Paint onto the plate.
- 7. Load your Stencil Ease® 5/8" White Bristle Stencil Brush with White Wash DecoArt® Americana® Acrylic Paint and then swirl the brush onto your paper towel until it seems like all of the paint is removed. This creates a dry brush and leaves the perfect amount of paint on your bristles. Using a dry brush prevents paint from seeping under the cut-outs of the stencil. This part of the process is essential if you would like clean/crisp lines when you lift your stencil.
- 8. Either stipple (lightly tapping over the stencil cut-outs) or swirl the paint onto the table.
- 9. You can immediately remove the stencil and line up the registration marks for your next repeat, either vertically or horizontally. The instructions on how to use the registration mark system are included with your stencil.
- 10. Repeat this process until you have completely covered the table.
- 11. Spray a light final coat of the DecoArt® Americana® Matte Acrylic Sealer Finisher on the table top.
- 12. Allow the table dry completely overnight.

Filigree **Homemade Curtains**

Project Time: 2 hours+

Filigree Homemade Curtains

Materials (click links to purchase):

- <u>Stencil Ease® Chestnut Hill Filigree Wall</u> <u>Painting Stencil</u>
- <u>Stencil Ease® Repositionable Adhesive Spray</u>
- IKEA® VIVAN Curtains, 1 pair, beige
- DecoArt® Americana® Acrylic Paint, White Wash
- DecoArt® Americana® Fabric Painting Medium
- <u>Shurtape Technologies LLC Frog Tape®</u>
- <u>Stencil Ease® 5/8" Stencil Brush, White Bristle</u>
- Paper Towels
- Paper or Plastic Plate
- Large piece of cardboard about 2 ft. x 2 ft.

Instructions:

Click here to watch the step-by-step Filigree Homemade Curtains project video!

- 1. Spray the back of the Stencil Ease® Chestnut Hill Filigree Wall Painting Stencil as well as the large piece of cardboard very lightly with the Stencil Ease® Repositionable Adhesive Spray and let the adhesive dry.
- 2. Place the cardboard with adhesive facing up on a flat work surface and smooth out the IKEA® VIVAN Curtain over the top of the cardboard (you won't need to iron the fabric and this will keep it from moving around as you paint it).
- 3. Position the stencil onto the curtain, making sure to align it with the edge of the seams on the fabric so it's straight.
- 4. Adhere painters tape to the fabric under each triangle registration mark and mark them.
- 5. Mix equal parts DecoArt® Americana® Acrylic Paint, White Wash and DecoArt® Americana® Fabric Painting Medium and pour some of the mixture onto the plate.
- 6. Load your Stencil Ease® 5/8" White Bristle Stencil Brush with White Wash DecoArt® Americana® Acrylic Paint and then swirl the brush onto your paper towel until it seems like all of the paint is removed. This creates a dry brush and leaves the perfect amount of paint on your bristles. Using a dry brush prevents paint from seeping under the cut-outs of the stencil. This part of the process is essential if you would like clean/crisp lines when you lift your stencil.
- 7. Either stipple (lightly tapping over the stencil cut-outs) or swirl the paint onto the fabric.
- 8. You can immediately remove the stencil and line up the registration marks for your next repeat, either vertically or horizontally. The instructions on how to use the registration mark system are included with your stencil.
- 9. Repeat this process until you have completely covered the fabric.
- 10. Allow the curtains to dry completely overnight.

Labra-door **Floor Mat**

Project Time: 1/2 hour+

Skill Level: 1 🛛 🌞

Labra-door Floor Mat

Materials (click links to purchase):

- <u>Stencil Ease® 6 inch Labrador Basic Stencil</u>
- Stencil Ease® Repositionable Adhesive Spray
- IKEA® SINDAL Door Mat, Natural
- DecoArt® Americana® Acrylic Paint, White Wash
- DecoArt® Americana® Acrylic Paint, Black
- <u>Shurtape Technologies LLC Frog Tape®</u>
- <u>Stencil Ease® Double-Ended Stencil Brush,</u> <u>White Bristle</u>
- Paper Towels
- 2 Paper or Plastic Plates

Instructions:

Click here to watch the step-by-step Labra-door Floor Mat project video!

- 1. Spray the back of the Stencil Ease® Labrador Basic Stencil very lightly with the Stencil Ease® Repositionable Adhesive Spray and let the adhesive dry.
- 2. Position the stencil onto the IKEA® SINDAL Natural Door Mat making sure to keep it aligned with the edge of the mat.
- 3. Pour some of the DecoArt® Americana® White Wash Acrylic Paint onto one plate and some of the DecoArt® Americana® Black Acrylic Paint onto the other plate.
- 4. Load your Stencil Ease® Double-Ended Stencil Brush with White Wash DecoArt® Americana® Acrylic Paint and then swirl the brush onto your paper towel until it seems like all of the paint is removed. This creates a dry brush and leaves the perfect amount of paint on your bristles. Using a dry brush prevents paint from seeping under the cut-outs of the stencil. This part of the process is essential if you would like clean/crisp lines when you lift your stencil. Repeat this when you load the other end of the brush with the Black DecoArt® Americana® Acrylic Paint.
- 5. Swirl over the stencil cut-outs onto the mat to apply the paint. Be sure to hold the stencil down so it doesn't move around.
- 6. You can immediately remove the stencil.
- 7. Repeat this process until you have completed as many of the Labradors as desired.
- 8. Tape your desired border off with the Frog Tape® and make sure it is even all the way around.
- 9. Apply the DecoArt® Americana® Black Acrylic Paint in short straight strokes following along the tape. Be sure to hold the tape as the mat is fibrous and the paint will not stick like it does to a flat clean surface.
- 10. Remove tape and allow to dry completely overnight.

Easy Painted Kids Table

Project Time: 1 hour+

Skill Level: 1 🛛 🌞

Easy Painted Kids Table

Materials (click links to purchase):

- <u>Stencil Ease® Chevron Wall Painting Stencil</u>
- <u>Stencil Ease® Repositionable Adhesive Spray</u>
- IKEA® KRITTER Children's Table, Red
- DecoArt® Americana® Acrylic Paint, White Wash
- DecoArt® Americana® Acrylic Sealer Finisher, Matte
- <u>Shurtape Technologies LLC Frog Tape®</u>
- Stencil Ease® 5/8" Stencil Brush, White Bristle
- Paper Towels
- Paper or Plastic Plate

Instructions:

Click here to watch the step-by-step Easy Painted Kids Table project video!

- 1. Tape off the outer edge of the top of the IKEA® KRITTER Children's Table using the Frog Tape®.
- 2. Very lightly spray the top of the table with DecoArt® Americana® Matte Acrylic Sealer Finisher and let it dry (only for about 10 minutes).
- 3. Spray the back of the Stencil Ease® Chevron Wall Painting Stencil very lightly with the Stencil Ease® Repositionable Adhesive Spray and let the adhesive dry.
- 4. Apply the stencil to the surface of the table.
- 5. Adhere Frog Tape® to the table under each triangle registration mark and mark them.
- 6. Pour some of the DecoArt® Americana® White Wash Acrylic Paint onto the plate.
- 7. Load your Stencil Ease® 5/8" White Bristle Stencil Brush with White Wash DecoArt® Americana® Acrylic Paint and then swirl the brush onto your paper towel until it seems like all of the paint is removed. This creates a dry brush and leaves the perfect amount of paint on your bristles. Using a dry brush prevents paint from seeping under the cut-outs of the stencil. This part of the process is essential if you would like clean/crisp lines when you lift your stencil.
- 8. Either stipple (lightly tapping over the stencil cut-outs) or swirl the paint onto the table.
- 9. You can immediately remove the stencil and line up the registration marks for your next repeat, either vertically or horizontally. The instructions on how to use the registration mark system are included with your stencil.
- 10. Repeat this process until you have completely covered the table.
- 11. Spray a light final coat of the DecoArt® Americana® Matte Acrylic Sealer Finisher on the table top.
- 12. Allow the table dry completely overnight.

Dreams of Teal DIY Lampshade

Project Time: 1/2 hour+

Skill Level: 2 🛛 🔆 眷

Dreams of Teal DIY Lampshade

Materials (click links to purchase):

- Stencil Ease® Kaleidoscope Wall Painting Stencil
- <u>Stencil Ease® Repositionable Adhesive Spray</u>
- IKEA® JÄRA Lamp shade, white 9"
- DecoArt® Americana® Acrylic Paint, Desert Turquoise
- <u>Shurtape Technologies LLC Frog Tape®</u>
- Stencil Ease® 5/8" Stencil Brush, White Bristle
- Paper Towels
- Paper or Plastic Plate

Instructions:

Click here to watch the step-by-step Dreams of Teal DIY Lampshade project video!

- 1. Spray the back of the Stencil Ease® Kaleidoscope Wall Painting Stencil very lightly with the Stencil Ease® Repositionable Adhesive Spray and let the adhesive dry.
- 2. Apply the stencil to the IKEA® JÄRA lamp shade. Once you decide on where you would like to position it, tape it down with Frog Tape® to hold it in place. Given that it is a curved surface, you will need the added security of the tape to hold it in place.
- 3. Pour some of the DecoArt® Americana® Desert Turquoise Acrylic Paint onto the plate.
- 4. Load your Stencil Ease® 5/8" White Bristle Stencil Brush with the Desert Turquoise DecoArt® Americana® Acrylic Paint and then swirl the brush onto your paper towel until it seems like all of the paint is removed. This creates a dry brush and leaves the perfect amount of paint on your bristles. Using a dry brush prevents paint from seeping under the cut-outs of the stencil. This part of the process is essential if you would like clean/crisp lines when you lift your stencil.
- 5. Swirl the paint onto the lampshade through the stencil cutouts.
- 6. Reposition the stencil wherever you would like to place the designs on the lampshade and repeat until you are satisfied with the design.
- 7. Allow paint to dry completely overnight.

Garden **Party Frame**

Project Time: 1 hour+

Skill Level: 1 🛛 👗

Garden Party Frame

Materials (click links to purchase):

- <u>Stencil Ease® Modern Lattice Designer Series</u>
- Stencil Ease® Repositionable Adhesive Spray
- IKEA® NYTTA Frame, White
- DecoArt® Americana® Acrylic Paint, Desert Turquoise
- <u>Rust-Oleum® Painter's Touch® Ultra Cover</u> 2X Primer, White
- <u>Shurtape Technologies LLC Frog Tape®</u>
- Stencil Ease® 5/8" Stencil Brush, White Bristle
- Paper Towels
- 2 Paper or Plastic Plates

Instructions:

Click here to watch the step-by-step Garden Party Frame project video!

- 1. Remove the glass from the frame and set aside.
- 2. Tape off the outer edge of the IKEA® NYTTA Frame using the Frog Tape®.
- 3. Very lightly spray Rust-Oleum® Painter's Touch® Ultra Cover 2X White Primer and let it dry (only for about 20 minutes).
- 4. Spray the back of the Stencil Ease® Modern Lattice Stencil very lightly with the Stencil Ease® Repositionable Adhesive Spray and let the adhesive dry.
- 5. Apply the stencil to the surface of the frame. Be sure to align it so that it's even on the frame where you would like it.
- 6. Pour some of the DecoArt® Americana® Desert Turquoise Acrylic Paint onto the plate.
- 7. Load your Stencil Ease® 5/8" White Bristle Stencil Brush with Desert Turquoise DecoArt® Americana® Acrylic Paint and then swirl the brush onto your paper towel until it seems like all of the paint is removed. This creates a dry brush and leaves the perfect amount of paint on your bristles. Using a dry brush prevents paint from seeping under the cut-outs of the stencil. This part of the process is essential if you would like clean/crisp lines when you lift your stencil.
- 8. Either stipple (lightly tapping over the stencil cut-outs) or swirl the paint onto the frame.
- 9. You can immediately remove the stencil and line up the design for your next repeat, either vertically or horizontally. Just use the design you just painted to line up the next repeat.
- 10. Repeat this process until you have completely covered the frame.
- 11. Allow the frame to dry completely overnight.

Elegant Vintage Side Table

Project Time: 2 hours+

Elegant Vintage Side Table

Materials (click links to purchase):

- <u>Stencil Ease® Parisian Medallion Wall Painting Stencil</u>
- <u>Stencil Ease® Repositionable Adhesive Spray</u>
- IKEA® LINDVED Side Table, White
- <u>Rust-Oleum® Metallic Spray, Antique Brass,</u> <u>11-Ounce</u>
- Modern Masters® Metallic Statuary Bronze, 6-Ounce
- Modern Masters® Metallic English Brown, 6-Ounce
- Shurtape Technologies LLC Frog Tape®
- Stencil Ease® Double-Ended Stencil Brush, White Bristle
- Paper Towels
- Paper or Plastic Plate

Instructions:

Click here to watch the step-by-step Elegant Vintage Side Table project video!

- 1. In a well ventilated outdoor space, spray the entire IKEA® LINDVED Side Table with the Antique Brass Rust-Oleum® Metallic Spray.
- 2. Let dry overnight.
- 3. Spray the back of the Stencil Ease® Parisian Medallion Wall Painting Stencil very lightly with the Stencil Ease® Repositionable Adhesive Spray and let the adhesive dry.
- 4. Position the stencil design on the center of the table and press down to make sure it is sticking to the table.
- 5. Pour some of the Modern Masters Metallic Statuary Bronze and some of the Modern Masters Metallic English Brown onto the plate.
- 6. Load one end of your Stencil Ease® Double-Ended Stencil Brush with the English Brown Paint then swirl the brush onto your paper towel until it seems like all of the paint is removed. This creates a dry brush and leaves the perfect amount of paint on your bristles. Using a dry brush prevents paint from seeping under the cut-outs of the stencil. This part of the process is essential if you would like clean/crisp lines when you lift your stencil.
- 7. Either stipple (lightly tapping over the stencil cut-outs) or swirl the paint onto the table.
- 8. Load the other end of your Stencil Ease® Double-Ended Stencil Brush with the Statuary Bronze Paint then swirl the brush onto your paper towel until it seems like all of the paint is removed.
- 9. Randomly add accents of this color over the English Brown color (you can do this without waiting for the paint to cure from the previous application).
- 10. Allow the table dry completely overnight.

Out of the Box DIY Bed Pillows

Project Time: 2 hours+

Out of the Box DIY Bed Pillows

Materials (click links to purchase):

- <u>Stencil Ease® Duxbury Wall Painting Stencil</u>
- <u>Stencil Ease® Repositionable Adhesive Spray</u>
- IKEA® DVALA Pillowcases, 2-pack, Dark Blue
- DecoArt® Americana® Acrylic Paint, White Wash
- DecoArt® Americana® Fabric Painting Medium
- <u>Shurtape Technologies LLC Frog Tape®</u>
- Stencil Ease® 5/8" Stencil Brush, White Bristle
- Paper Towels
- Paper or Plastic Plate
- Large piece of cardboard, cut to fit inside of pillow case

Instructions:

Click here to watch the step-by-step Out of the Box DIY Bed Pillows project video!

- 1. Spray the back of the Stencil Ease® Duxbury Wall Painting Stencil as well as the large piece of cardboard very lightly with the Stencil Ease® Repositionable Adhesive Spray and let the adhesive dry.
- 2. Push the piece of cardboard, with adhesive facing up, inside of the IKEA® DVALA Pillowcase and smooth out the material (you won't need to iron the fabric and this will keep it from moving around as you paint it).
- 3. Position the stencil onto the pillowcase, making sure to align it with the edge of the seams on the fabric so it's straight.
- 4. Adhere Frog Tape® to the fabric under each triangle registration mark and mark them.
- 5. Mix DecoArt® Americana® Acrylic Paint, White Wash and DecoArt® Americana® Fabric Painting Medium according to the instructions on the Fabric Medium packaging and pour some of the mixture onto the plate.
- 6. Load your Stencil Ease® 5/8" White Bristle Stencil Brush with White Wash DecoArt® Americana® Acrylic Paint and then swirl the brush onto your paper towel until it seems like all of the paint is removed. This creates a dry brush and leaves the perfect amount of paint on your bristles. Using a dry brush prevents paint from seeping under the cut-outs of the stencil. This part of the process is essential if you would like clean/crisp lines when you lift your stencil.
- 7. Either stipple (lightly tapping over the stencil cut-outs) or swirl the paint onto the fabric.
- 8. You can immediately remove the stencil and line up the registration marks for your next repeat, either vertically or horizontally. The instructions on how to use the registration mark system are included with your stencil.
- 9. Repeat this process until you have completely covered the fabric.
- 10. Allow the pillowcase to dry completely overnight.

French Countryside **DIY Planter**

Project Time: 2 hours+

Skill Level: 2 🛛 🔆 🔆

French Countryside DIY Planter

Materials (click links to purchase):

- <u>Stencil Ease® Fleur de Lis, 2"Stencil</u>
- <u>Stencil Ease® Repositionable Adhesive Spray</u>
- IKEA® SKURAR Plant Pot, Off-White
- Rust-Oleum Painter's Touch® Ultra Cover 2X Satin Summer Squash
- Deco Art® Metallic Emperor's Gold
- <u>Shurtape Technologies LLC Frog Tape®</u>
- Stencil Ease® 5/8" Stencil Brush, White Bristle
- Small Artist Brush
- Paper Towels
- Paper or Plastic Plate

Instructions:

Click here to watch the step-by-step French Countryside DIY Planter project video!

- 1. In a well ventilated outdoor space, spray the IKEA® SKURAR Plant Pot with the Summer Squash Rust-Oleum® Painter's Touch® Ultra Cover 2X Satin.
- 2. Let dry overnight.
- 3. Spray the back of the Stencil Ease® Fleur de Lis Stencil very lightly with the Stencil Ease® Repositionable Adhesive Spray and let the adhesive dry.
- 4. Position the stencil design on the center of the of the pot and press down to make sure it is sticking to the table. Use Frog Tape® as well to be sure it is secure since it is a curved surface.
- 5. Pour some of the Deco Art® Metallic Emporer's Gold onto the plate.
- 6. Load one end of your Stencil Ease® 5/8" Stencil Brush with the Emperor's Gold paint then swirl the brush onto your paper towel until it seems like all of the paint is removed. This creates a dry brush and leaves the perfect amount of paint on your bristles. Using a dry brush prevents paint from seeping under the cut-outs of the stencil. This part of the process is essential if you would like clean/crisp lines when you lift your stencil.
- 7. Either stipple (lightly tapping over the stencil cut-outs) or swirl the paint onto the pot.
- 8. Remove the stencil.
- 9. Draw accent lines with your small artist brush.
- 10. Allow the pot to dry completely overnight.

Breakfast in Bed Tray

Project Time: 2 hours+

Skill Level: 2 🛛 🔆 🔆

Breakfast in Bed Tray

Materials (click links to purchase):

- <u>Stencil Ease® Nolita Dots Border Stencil</u>
- <u>Stencil Ease® Repositionable Adhesive Spray</u>
- IKEA® KLACK Tray, Rubberwood 23"
- <u>Rust-Oleum® Painter's Touch® Ultra Cover 2X</u> <u>Satin Paprika</u>
- DecoArt® Americana® Acrylic Paint, White Wash
- <u>Shurtape Technologies LLC Frog Tape®</u>
- Stencil Ease® 5/8" Stencil Brush, White Bristle
- Paper Towels
- Paper or Plastic Plate

Instructions:

Click here to watch the step-by-step Breakfast in Bed Tray project video!

- 1. In a well ventilated outdoor space, spray the IKEA® KLACK Tray with the Paprika Rust-Oleum® Painter's Touch® Ultra Cover 2X Satin.
- 2. Let dry overnight.
- 3. Spray the back of the Stencil Ease® Nolita Dots Border Stencil very lightly with the Stencil Ease® Repositionable Adhesive Spray and let the adhesive dry.
- 4. Position the stencil onto the tray, making sure to align it with the edge of the tray so it's straight.
- 5. Adhere Frog Tape® to the tray under each triangle registration mark and mark them.
- 6. Pour some of the Deco Art® White Wash Acrylic paint onto the plate.
- 7. Load one end of your Stencil Ease® 5/8" Stencil Brush with the White Wash paint then swirl the brush onto your paper towel until it seems like all of the paint is removed. This creates a dry brush and leaves the perfect amount of paint on your bristles. Using a dry brush prevents paint from seeping under the cut-outs of the stencil. This part of the process is essential if you would like clean/crisp lines when you lift your stencil.
- 8. Either stipple (lightly tapping over the stencil cut-outs) or swirl the paint onto the tray.
- 9. Remove the stencil.
- 10. You can immediately remove the stencil and line up the registration marks for your next repeat, either vertically or horizontally. The instructions on how to use the registration mark system are included with your stencil.
- 11. Repeat this process until you have completely covered the tray.
- 12. Allow the tray to dry completely overnight.

Hip to Be Square Framed Mirror

Project Time: 2 hours+

Skill Level: 2 🛛 🔆 📥

Hip to Be Square Framed Mirror

Materials (click links to purchase):

- <u>Stencil Ease® Moroccan Wall Painting Stencil</u>
- <u>Stencil Ease® Repositionable Adhesive Spray</u>
- IKEA® MALMA Mirror, White
- Rust-Oleum® Painter's Touch® Ultra Cover 2X Primer, Flat Gray
- Modern Masters® Metallic Silver, 6-Ounce
- Modern Masters® Metallic Pewter, 6-Ounce
- <u>Shurtape Technologies LLC Frog Tape®</u>
- Stencil Ease® 5/8" Stencil Brush, White Bristle
- Standard 4-6" Brush
- Paper Towels
- Paper or Plastic Plate

Instructions:

Click here to watch the step-by-step Hip to Be Square Framed Mirror project video!

- 1. Tape off the IKEA® MALMA mirror with the Frog Tape®.
- 2. In a well ventilated outdoor space, spray the front and sides of the mirror with the Flat Gray Rust-Oleum® Painter's Touch® Ultra Cover 2X Primer.
- 3. Let dry overnight.
- 4. Spray the back of the Stencil Ease® Moroccan Wall Painting Stencil very lightly with the Stencil Ease® Repositionable Adhesive Spray and let the adhesive dry.
- 5. Position the stencil design on the mirror and press down to make sure it is adhering.
- 6. Pour some of the Modern Masters® Metallic Pewter onto the plate.
- 7. Using your standard paint brush, paint the mirror with the Modern Masters® Metallic Pewter.
- 8. Let dry overnight.
- 9. Pour some of the Modern Masters® Metallic Silver onto the plate.
- 10. Load one end of your Stencil Ease® 5/8" Stencil Brush with the the silver paint then swirl the brush onto your paper towel until it seems like all of the paint is removed. This creates a dry brush and leaves the perfect amount of paint on your bristles. Using a dry brush prevents paint from seeping under the cut-outs of the stencil. This part of the process is essential if you would like clean/crisp lines when you lift your stencil.
- 11. Either stipple (lightly tapping over the stencil cut-outs) or swirl the paint onto the frame.
- 12. Allow the frame to dry completely overnight.

Honeycomb Storage Bin

Project Time: 1 hour+

Skill Level: 1 🛛 🌞

Honeycomb Storage Bin

Materials (click links to purchase):

- <u>Stencil Ease® Kenitra Wall Painting Stencil</u>
- <u>Stencil Ease® Repositionable Adhesive Spray</u>
- IKEA® TJENA Box, Yellow
- DecoArt® Americana® Acrylic Paint, White Wash
- Shurtape Technologies LLC Frog Tape®
- Stencil Ease® 5/8" Stencil Brush, White Bristle
- Paper Towels
- Paper or Plastic Plate

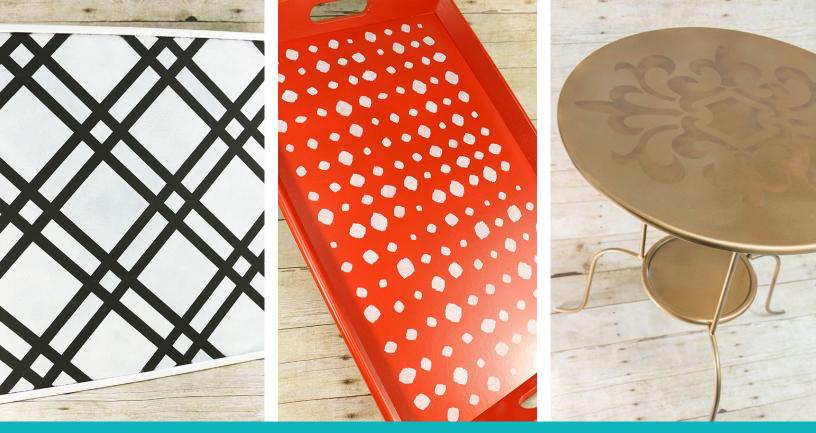

Instructions:

Click here to watch the step-by-step Honeycomb Storage Bin project video!

- 1. Spray the back of the Stencil Ease® Kenitra Wall Painting Stencil very lightly with the Stencil Ease® Repositionable Adhesive Spray and let the adhesive dry.
- 2. Apply the stencil to the surface of the IKEA® TJENA Box (it is easier to do this painting project before you put the box together).
- 3. Adhere Frog Tape® to the box under each triangle registration mark and mark them.
- 4. Pour some of the DecoArt® Americana® White Wash Acrylic Paint onto the plate.
- 5. Load your Stencil Ease® 5/8" White Bristle Stencil Brush with White Wash DecoArt® Americana® Acrylic Paint and then swirl the brush onto your paper towel until it seems like all of the paint is removed. This creates a dry brush and leaves the perfect amount of paint on your bristles. Using a dry brush prevents paint from seeping under the cut-outs of the stencil. This part of the process is essential if you would like clean/crisp lines when you lift your stencil.
- 6. Either stipple (lightly tapping over the stencil cut-outs) or swirl the paint onto the box.
- 7. You can immediately remove the stencil and line up the registration marks for your next repeat, either vertically or horizontally. The instructions on how to use the registration mark system are included with your stencil.
- 8. Repeat this process until you have completely covered the box.
- 9. Allow the box to dry completely overnight.

13 DIY Home Decor Ideas
